Description

This 2021 Vauxhall Mokka Electric Launch Edition presents a compelling proposition with its remarkably low mileage of just 31,555 miles for its age. As an all electric model, it offers a smooth and quiet driving experience, powered by a 50 kWh battery that provides a maximum range of 201 miles when new. This Launch Edition variant comes equipped with a host of desirable features, including Keyless Entry and Start, a Front Camera System for enhanced parking assistance, and a heated steering wheel for added comfort. Further enhancing your journeys, this Mokka Electric boasts Adaptive Cruise Control, which helps maintain a set distance from the vehicle ahead, and advanced IntelliLux LED Matrix Headlights that intelligently adapt to driving conditions. Recharging is convenient, with a full charge at home using a 7kW charger taking approximately 7 hours and 35 minutes, while rapid public charging can take the battery from empty to 80% in as

little as 36 minutes. These features collectively demonstrate the Mokka Electric's sophisticated design and its ability to offer a refined and efficient driving experience.
