Description

This 2023 MINI Electric Hatch Cooper SE Level 3 offers an exciting blend of iconic MINI style and zero emission driving. As a Level 3 trim, this electric model boasts a 33 kWh battery, providing a maximum range of 142 miles when new. Charging is convenient, with a full charge at home using a 7kW charger taking approximately 5 hours and 15 minutes, and rapid charging to 80% achievable in just 36 minutes at a public charging station. This vehicle comes equipped with desirable features including automatic dual zone climate control, park assist with front and rear parking distance control, automatic headlights, and heated front seats for enhanced comfort. Experience the spirited performance of this MINI Electric Hatch, with its impressive 0-62mph acceleration achieved in a swift 7.3 seconds. This quick acceleration demonstrates how this electric MINI offers a more dynamic driving experience compared to many other electric vehicles in its class. The

combination of its agile handling, advanced technology, and eco friendly powertrain makes this Cooper SE Level 3 a compelling choice for those seeking a premium electric driving experience.
