Description

This 2019 Volkswagen Tiguan TSI EVO SEL has been meticulously maintained by just one owner from new and comes with a full service history, with the most recent service completed on 8 December 2025. This SUV is powered by a 1.5 litre petrol engine that meets Euro 6 emission standards and is ready for the road with an MOT valid until June 2027. Inside, the vehicle is equipped with convenient technology including keyless entry and start, along with a full electric tailgate for easy access. Parking is made straightforward by the park assist system, which includes both front sensors and a rear view camera. The driving experience is further enhanced by voice activation, automatic dusk sensing headlights, and adaptive cruise control, all supported by a three month warranty for added peace of mind. The Tiguan stands out in its class by balancing practicality with efficiency, offering a large boot space that makes it an ideal choice for families or those needing extra room for luggage. Its design prioritises lower CO2 emissions, which helps to keep running costs manageable, while the low insurance group rating provides further financial benefits. Performance is responsive and capable, with the vehicle achieving 0 to 62 mph in 9.2 seconds. These combined attributes make this model a well rounded option for drivers seeking a reliable and economical vehicle that does not compromise on modern convenience or daily usability.
